Interaction with Global CIO **Lori Beer**

The IIT Bombay was invited **Lori Beer, Global Chief Information Officer (CIO) of JPMorgan Chase & Co, USA** to address the students across the country on **Tuesday, 5th November 2019, from 9.45 am to 11.30 am**. Her session was covered the following topics:

1. Global perspective on advancement in Technology.
2. How Technology roles are evolving and how Diversity & Inclusion is fuelling the Technology.
3. Impact and role of Technology in next decade, and how the students can contribute towards it during their career ahead.

The session was followed by **question and answers**. Hope it was immensely benefits to the students from the remote centres after interacting with the Global CIO. . **This session was conducted through A-VIEW**, it was opened for all students and no course fee.

There are 150 students participated from the different departments.
