International Women's Day is celebrated on 8th of March every year. This day symbolises the historic journey of women around the world. The March 8th was chosen for the celebration as it marks the day when women in Soviet Russia started protests for the right to vote which they were granted in 1917. International Women's Day has been celebrated over a century now. But while many people think of it as a feminist cause, its roots lie in the labour movement. It was first organised in 1911 by the early 20th century Marxist from Germany Clara Zetkin. She played a significant role in the formation of the Socialist International.

International Women's Day is a day of solidarity for all of us to celebrate the social, political, cultural and economic achievements of women. Moreover, this day acts as an opportunity to reflect and admire our mothers. Her constant strength and resilience has helped to shape our self.

Women's month is an opportunity to celebrate and reflect on women's achievements, as well as the problems they have faced in the struggle to be free and the important role they continue to play in society. In this regard series of events were organized towards the celebration of International Women's Day for the Girl students and Faculty members in our Institution. These activities offer opportunities for students to learn the values of teamwork, individual and group responsibility, physical strength and endurance, competition, diversity, and a sense of culture and community. Usually extracurricular activities provide a channel for reinforcing the lessons learned in the classroom, offering students the opportunity to apply academic skills in a real-world context, and are thus considered as a part of a well-rounded education.

EVENTS CONDUCTED FOR GIRL STUDENTS

EVENT 1: QUIZ

A quiz is a quick and informal assessment of student knowledge. They help with concentration, identify gaps in knowledge, build confidence and help children to retain information.

In order to boost up the students' knowledge online quiz- "RASA PRASHNA" was conducted and Ms. Swapna H, Dept. of EEE coordinated it. 11 teams participated in the event (2 students in each team- 22 students participated in the event).

EVENT 2: SEMINAR

Seminars have become a feature of testing language speaking though fluency, conversational skills and ability to discuss complex subjects. The increasing presence of women as entrepreneurs has led

to the change in the demographic characteristics of business and economic growth of the country. Women-owned businesses enterprises are playing a prominent role in society inspiring others and generating more employment opportunities in the country. In this view Seminar-‘DHWANI’ was organized and topic given was “Women Entrepreneur”. 6 students participated in the event and the event was coordinated by Mrs. Impana Appaji, Asst. Prof., Dept. of CSE. Duration given was 4 min and language was optional (English/Kannada)

EVENT 3: PENCIL SKETCH

Art is something that stimulates an individual's thoughts, emotions, beliefs, or ideas through the senses. The pencil sketch and the drawing medium today are viewed, in most cases, as independent forms of art. The importance that the pencil sketch held in the past and the purpose it held, in most cases as a preliminary study towards a piece of art in a different medium. The need to understand the world around us is still a shared interest for all of us. Now a days, man has become more selfish and to lead his life more luxuriously, he is destroying forest areas across the world that is lost for other uses such as agricultural croplands, urbanization, or mining activities. Greatly accelerated by human activities since 1960, deforestation has been negatively affecting natural ecosystems, biodiversity, and the climate. In this view, Pencil sketch- CHITRAREKHA competition was held and Theme given was Deforestation”. Mrs. Priyanka N B, Asst. Prof., Dept. of Maths coordinated the event. 10 students participated in the event.

EVENT 4: GROUP DANCE

Girls play multiple roles in the household, society and the economy. They go to school, help with housework, work in factories, make friends, care for elder and younger family members and prepare themselves to take on the responsibilities of adulthood. The struggle of a girl child begins even before the day she is conceived. In India, female foeticide is a worrying practice, as cheap abortion technology allows households to exercise their preference for sons over daughters. She is ‘lucky’ if she is allowed to be born. Even after birth, the girl child faces discrimination and oppression. She is not provided with proper nutrition compared to her male siblings, her education is not given much importance and in many cases, parents prefer that their sons continue schooling and want their daughters to stay at home and do household work. After marriage, the trials faced by women do not end as she continues to face oppression and even violence in her in-laws home. The Government is concerned with declining child sex ratio and in 2015 it launched “Beti Bachao Beti Padhao” Scheme to create awareness on the need to protect the girl child and focus on their education. Same here, To create this awareness, on stage dance performance “NRUTHYAM” was organized and theme was “Beti bachao and Beti Padao” which was coordinated by Mrs. Sneha M P, Asst. Professor Dept. of CSE.

EVENT 5: ETHNIC WALK

A few characters are being role model directly or indirectly in nurturing their lifestyle and how to behave in school, relationships, or when making difficult decisions. For many children’s, the most important role models are their parents and caregivers. In the coming years, the patriotic role model movement should be integrated into key tasks for developing the country in the transitional period toward socialism. In this regard Ethnic Walk- “SWABHIMAANCHAL” was organized i.e. WALK WITH PRIDE with theme as “**WOMEN ACHIEVERS**”. Students participated very enthusiastically by playing the roles of Kittur Rani Chennamma - Indian queen of Kittur, Karnataka, Sania Mirja- Indian professional tennis player, Sangeetha Katti- Famous kannada singer, Sudha Chandran- Bharatnatyam Dancer. The event was coordinated by Mrs. Keerthi A Kumbar Asst. Prof. Dept. of ECE and Mrs. Shruthi H G, Asst. Prof. Dept. of CV.

EVENT 6: RANGOLI – “RANGAVALLI”

The rangoli represents the happiness, positivity and liveliness of one's household. It is to welcome the Goddess of wealth and good luck Lakshmi. It is believed that a Hindu household without a clean entrance and rangoli is the abode of "Darida" (bad luck). The purpose of rangoli is beyond decoration. To involve students in this beautiful creative art Rangoli: RANGAVALLI was organized. Students participated very enthusiastically and represented their talent. 4 Teams participated in the event and it was coordinated by Mrs. Shruthi H G, Asst. Prof. Dept. of CV
