

## Our Recruiters

## MOU's

- Toyota Kirloskar Motor
- IIT Guwahati
- IIT Bombay
- NITK Surathkal
- GTTC
- RTTC
- Skillfinity
- CISCO
- DELL EMC
- Prolific Systems & Technologies Pvt Ltd
- Vivarthan Technologies (SCADA & PLC)
- RMJ Automation Solutions & Training Pvt Ltd
- Proxelera
- Edunet

## Industry Partners

## Courses Offered

### Under Graduate Courses

- Civil Engineering
- Computer Science Engineering
- Computer Science & Design
- Computer Science Engineering (Data Science)
- Computer Science Engineering (Artificial Intelligence & Machine Learning)
- Electrical & Electronics Engineering
- Electronics & Communication Engineering
- Mechanical Engineering

## VIDYAASARE

### Freeship / Scholarship

The scheme aims to provide freeship /scholarship to 50 students getting admission at 1-year level, in appreciation of their outstanding achievements in academic, co-curricular, sports and extra-curricular activities.

## Why ATME ?

- Cutting-edge style in infrastructure as well as delivery of education.
- Current-day environment for professional development to global standards.
- Pervasive culture of excellence.
- Care and support for student's future careers.
- Best student award.
- Numerous Sports achievements.
- Certification Courses from renowned industries for skill development.
- Digital Classrooms for effective learning.
- Promoted by the best names in education, technology and social service.

## Career and Guidance

The Department of Career Guidance and Placements (CGP) thrive to provide guidance and assistance for the students to achieve their career goals. It also creates awareness among students regarding available career options through domain specific training, arranging talks from Industry Experts and helping them in identifying their career objectives.

## About ATMECE

Academy for Technical and Management Excellence College of Engineering (ATMECE) is founded by a group of like-minded technocrats in 2010. Choosing a right place to attend college is a big decision. It can be the key that opens the door to a lifetime of opportunities for growth and service. By choosing to study at ATME you are taking the first step towards entering into a professional career. You can be confident that your engineering degree at ATME will be an investment into your future - both financially and intellectually. At ATME, education is not entirely academic, it extends beyond classrooms, laboratories and libraries to industry environments, seminars, workshops and live projects, hence enhancing your talents and giving you essential knowledge related to your dream industry.

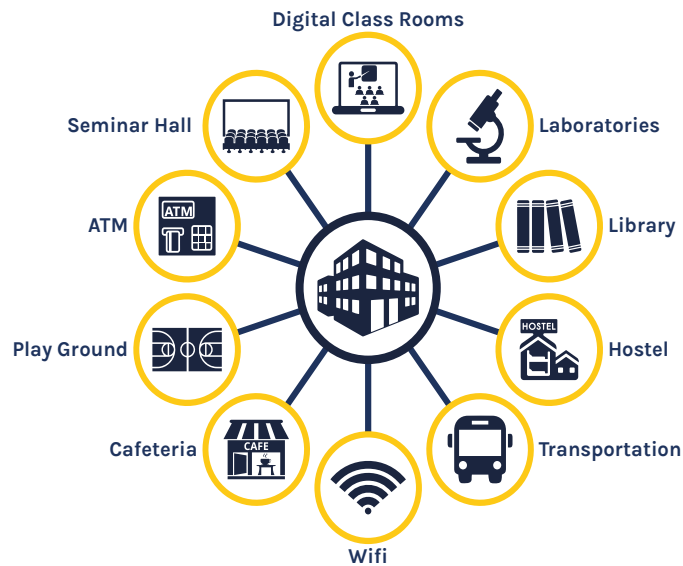

The people behind the institute being technocrats & academicians make sure that ATME'ians have a distinct edge over others when they step into the industry. Also the career guidance cell at the institute has an incubation center which trains students in personality development, entrepreneurship development and encourages students with special talents to realize their dreams and ambitions.

We at ATME invite you to visit our magnificent campus, inspect the state-of-art facilities, meet & discuss with students & faculty to discover the exciting opportunities that an engineering curriculum & career can offer and find out why we at ATME are called "Pacesetters for the future society".
