

Report of

Entrepreneurship Opportunities- A career Guidance to the young minds

Date: 22nd February 2022

Time: 3.30PM

Mode: Offline

Institutions Innovation Council – ATMECE has organised an Entrepreneurship Opportunities- A career Guidance to the young minds” for the students of the institution on 22nd February 2022.

Mrs. Sushma V, Assistant Professor, Department of Computer Science and Engineering was invited as the keynote speaker.

She said “Entrepreneurship is all about the propensity to take risks, plan, organize, streamline and manage a new business idea in a dynamic global marketplace. Entrepreneurship is marked by job creation rather than job seeking. Entrepreneurs are independent-minded, innovative people who are on a quest to create unique products and services. Entrepreneurship might be difficult, but it is a rewarding journey.”

She also added “Today, entrepreneurship has become one of the significant career choices being pursued by the youth because of the following reasons:

- The ambition to create and execute a business plan from scratch
- The desire to be their own boss and master of their fate
- The motivation to take risks in a changing global economy where several opportunities lie unexplored
- The aim to be financially prosperous and take their growth trajectory to unprecedented, new heights

The workshop witnessed the active participation of around 50 students. The workshop was concluded with a Q&A session
